Dear Bro

Yours of the 4<sup>th</sup> ult  
recd yesterday - glad you found  
all well on your return -  
Father is improving slowly I  
think he has been very poorly  
since you was here but is better  
now - he walked into the kitchen  
to day for the first time in 8  
weeks I think perhaps he will get  
up again after awhile -  
you wanted to know the result  
of the Law Suit I had the trial  
but the Judge holds his decision  
until the Nov. term. There is quite  
an amount of guessing as to  
the result - most all think that  
I have beat Knott how it is

I cant tell but I do hope  
that I will be successful but  
I have no expectations of it end-  
ing short of the Supreme Court.  
McNabb's Atty asked the Judge  
to pass on it as soon as he could  
so they could get it before the Sup-  
reme Court. I would have been glad  
if it had been decided this time  
so I could have got the rent of  
the land. it would have saved  
me from buying my corn this  
year. I hardly know how I am  
to do unless Father gets so I can  
get out to work but hope I can  
do some way to get along -

Write often. Father is always  
so glad to get your letters. Will  
write for him till he gets so  
he can write for himself -

Yours X
